About me

I am a Multimedia Design graduate from ISEC. I consider myself a collaborative and communicative person, as I believe that effective dialogue is key to success in any work environment. I am passionate about art and the multimedia world, with a particular focus on the 3D industry and the creation of immersive worlds through detailed lorebuilding. My professional objective is to join a creative production team and contribute to the development of video games, film, or high-end advertising projects.

Tools

- Blender
- Adobe Substance 3D Painter
- ZBrush
- Adobe Substance 3D Designer
- Adobe Photoshop
- Adobe Illustrator
- Autodesk Maya
- Autodesk 3ds Max
- Marmoset Toolbag
- Figma
- Adobe After Effects
- Adobe Premiere
- Bootstrap
- CSS
- HTML

Hard Skills

- **3D Workflow:** High to Low poly Workflow, Digital Sculpting & Retopology, Hard Surface Modeling, UV Unwrapping & Optimization
- **Surfacing & Environment:** PBR Texturing, Environment Set Dressing, Procedural Texturing
- **Lighting & Rendering:** Cinematic Lighting, Shading & Global Illumination
- **Post-production:** Video Composition & Color Grading, Asset Integration

Soft Skills

- Quick Learner
- Problem-Solving
- Attention to Detail
- Adaptability
- Effective Communication / Teamwork
- Proactive self-learner

Spanish	Native

Experience

Web & Graphic Designer | IT Desarrollos SRL | 2023 - Present

- **UI Design & Prototyping:** Created **high-fidelity interfaces** and **interactive prototypes** in **Figma**.
- **Cross-team Collaboration:** Partnered with **multidisciplinary teams** to ensure **design consistency** and **efficient project delivery**.
- **Brand Identity:** Developed and maintained the **corporate visual system** across all **digital assets**.
- **Visual Assets:** Designed **complex graphics** and compositions using **Photoshop** and **Illustrator**.

Lighting & Render Director / 3D Artist | "Astros de Papel" (Short Film) | 2023 - 2025

- **3D Modeling & Texturing:** Developed **high-quality assets** and environments using **Blender**.
- **Lighting & Shading: Co-developed** the **master lighting shader** and **visual style** with the directing team.
- **Rendering Pipeline: Designed and managed** the **technical workflow** to **optimize rendering times** for the production team.

Freelance 3D Artist | 2022 - 2024

- **3D Prop & Environment Modeling:** Created **high-quality assets** and environments with a focus on **visual storytelling**.
- **PBR Texturing & Shading:** Applied **advanced PBR workflows** and material adjustments to achieve **photorealistic results** in **Blender**.
- **Asset Optimization:** Executed **Retopology and UV Unwrapping** to ensure **clean geometry** and **efficient rendering**.
- **Final Rendering:** Produced **high-resolution** stills and sequences, managing **lighting and composition** for portfolio-ready projects.

Graphic Designer | Pristine Luxury Camps | 2022 - 2023

- **Brand Identity:** Developed the **official brand manual** and **technical guidelines** for **visual consistency**.
- **Marketing & Social Media:** Designed **high-end brochures**, flyers, and **digital assets** using **Photoshop** and **Illustrator**.
- **Team Synergy:** Aligned **visual production** with **marketing strategies** through **cross-team collaboration**.

Education

- **Multimedia Design** - March 2020 / 2023
  ISEC (South American Institute for Communication Studies)
- **Video Game Design** - 2017 / 2019
  Da Vinci First School of Multimedia Art
- **Graphic Design** - 2017
  University of Buenos Aires
- **Graphic & Industrial Design Technician** - 2012 / 2016
  ORT Technical School
